

FLORIDA CORRIDOR PLAN OPEN HOUSE

Come explore opportunities and give feedback on needed improvements as it relates to:

Land Use & Development

Transportation & Street Improvements

Health & Environment

Assets & Amenities

The purpose of the plan is to provide a clear guide for economic development projects within the district, while leveraging concurrent investments in infrastructure along and adjacent to the Florida Corridor. The plan will address transportation, land use, urban design, and community development through a lens of equitable investment.

These open house meetings are a part of the first phase in this planning process.
